Sandra Ayon, PHR

HR & HRIS Professional | HR Data, Reporting & Analytics | Payroll & Compliance
sandra.ayon12@gmail.com | linkedin.com/in/sandra-ayon | github.com/sand-ayon

PROFESSIONAL SUMMARY

PHR-certified HR and HRIS professional with hands-on experience supporting HR operations, payroll, compensation, and compliance for a 1,000+ employee California organization with union and non-union field employees. Power user and subject matter expert in SAP ECC, SAP SuccessFactors, and UKG Pro, with experience across multiple HRIS implementations, data migrations, and annual compensation cycles. Builds recurring and ad hoc reports for HR, finance, and executive leadership, and keeps HR data accurate through audits, validation, and reconciliation across integrated systems. Now applying SQL, Tableau, and Python to HR data, including a published HR attrition case study. Known for accuracy, discretion with confidential data, and explaining technical information clearly.

CORE COMPETENCIES

HRIS Administration & Support • HR Reporting & Data Analysis • Data Quality, Audits & Reconciliation • Data Migration & Mass Data Loads • HRIS Implementations & Testing (UAT) • Compensation & Total Rewards • Payroll Support • Benefits & Leave Administration • California Wage & Hour Compliance • Compliance Reporting (EEO, AAP, Pay Data) • Process Improvement & Documentation • End-User Training

PROFESSIONAL EXPERIENCE

Aera Energy Services / California Resources Services **Bakersfield, CA**
HR Technical Associate (promoted from HR Associate) *Sept 2001 – June 2025*

- **HRIS Administration:** Served as a power user and subject matter expert for SAP ECC (PA, OM, TM), SAP SuccessFactors, and UKG Pro; maintained employee and organizational data, foundation objects, and approval workflows, and supported configuration changes, testing, and release activities.
- **HRIS Implementations & Data Migration:** Supported implementations from PeopleSoft to SAP ECC, SAP ECC to SuccessFactors, and SuccessFactors to UKG; performed data mapping, extraction, cleansing, mass loads, and validation, and served as an HR Operations subject matter expert for a UKG Workforce Management implementation (~800 employees), including UAT and four parallel payroll validation cycles.
- **Reporting & Analytics:** Built and maintained standard, recurring, and one-time reports for HR, IT, the CFO, Safety, and executive leadership using SAP Query, Ad Hoc Query, SAP BusinessObjects, SuccessFactors reporting, and advanced Excel (Power Query, VBA); clarified request definitions up front to deliver accurate headcount and workforce data.
- **Data Quality & Audits:** Audited and reconciled data across HR, payroll, timekeeping, and benefits systems; traced root causes of discrepancies, such as organizational changes without matching personnel actions, and corrected or routed issues for resolution; audited user access and I-9 forms.
- **Compensation & Total Rewards:** Administered the annual SuccessFactors Compensation cycle for ~1,000 eligible employees, including worksheets, salary matrices, eligibility rules, budgets, and workflow routing; audited increases through payroll for audit-ready sign-off; calculated bonuses, including exceptions and prorations.
- **Payroll Support:** Served as Payroll Backup in SAP Payroll (ECC PY), validating time entries, wage types, and payroll results, completing reconciliations, submitting payroll tax payments, and sending the 401(k) funding file reconciled to payroll deductions.
- **Compliance & Benefits:** Supported California Pay Data, EEO, AAP, and VETS-4212 reporting and prepared documentation for parent-company audits by Shell and ExxonMobil; administered benefits and leave tracking, including FMLA, CFRA, SDI, and Paid Family Leave, and coordinated pay and benefits during leaves.
- **Process Improvement:** Designed an automated Total Rewards Statement solution (Excel, VBA, Word) for ~1,000 employees, replacing a multi-day manual process, recognized by executive leadership; built Access databases to track disability and leave status; wrote procedures, job aids, and workflow diagrams and trained end users.

Key Energy Services **Bakersfield, CA**
HR Clerk *Dec 1993 – Sept 2001*

- Processed payroll as a primary responsibility, along with new hires, promotions, transfers, pay changes, leaves, and terminations, for a field-based oilfield services workforce.
- Maintained confidential employee and payroll records, verified data accuracy, and researched and corrected discrepancies; reconciled monthly benefits billing with vendors.
- Taught myself Microsoft Access and built a database to track safety training records for ~600 California employees; maintained injury and incident records and reported safety statistics as Safety Secretary.

PROJECTS

HR Attrition Case Study (Google Data Analytics Capstone) **github.com/sand-ayon/hr-turnover-case-study**

- Analyzed attrition for 1,470 employees (IBM HR Analytics dataset) using SQL in Google BigQuery: verified and cleaned the data, compared attrition rates across 12 factors, and tested for confounding factors.
- Built and published a Tableau Public dashboard showing that employees working overtime left at three times the rate of those who didn't, and new hires on overtime left at 55%; recommended actions on overtime, onboarding, and entry-level pay.

TECHNICAL SKILLS

SAP ECC (PA, OM, TM, PY) | SAP SuccessFactors (Employee Central, Compensation) | UKG Pro & Workforce Management | SAP BusinessObjects | SQL (BigQuery) | Tableau | Advanced Excel (pivot tables, XLOOKUP, Power Query, VBA) | Microsoft Access | Winshuttle & SAP LSMW | Python (learning) | Power BI (learning) | Microsoft Office Suite | SharePoint
